

Friday night August 1st 1834

Dear Debora

I meant to have wrote out last night
by the stage but it went while I was seeing the
balloon. I had a letter all ready - Warren has got
a boarding place and left here to day - he wants
3 or 4 Shirts right off, you must send in Monday
his pantaloons - He will have to have his wasing done
at Weymouth - send in Monday one shirt and
a bosom made like that one sent to me - You
will think I order pretty well - Homer across the
road has got all ~~the~~ his property stashed because
he was engaged in poisoning the horses on
the Lowell line - rather a bad job. I send
also a pattern of a vest - if you can understand
how to cut ~~one~~ by this have one cut by it -
If not when I come out I will fetch Warrens
vest - it is cut out from that - The bundle
had not gone to Groton so that yours and
Hunt Marys will go - The balloon business
is so flony I cannot relate it but
will tell you all about it when I come
which will be in a boat a week
yours truly Harvey E Weston

P S mind send in a shirt or 2 Monday or
Tuesday if you get 20, tailors to do it.
